Spellings

We have been investigating different strategies for learning our Year 3 and 4 "need to know words". Continue to have a look through the word list provided and underline the words that you need to focus on. Begin to use your new spelling strategies to learn how to spell them them. You may like to draw "shapes" around the word, create a word pyramid, try "look, cover, check" or make up a mnemonic for the word.

You must include evidence of spelling practice as part of your homework.

We will expect to see you using these spellings correctly in your daily writing, as well as confidently reading them from sight.

My Maths

Please log in to your My Maths account to complete your homework set. I can give you your username or password if you have forgotten it. The focus is fractions and decimals. Also continue to practise your times tables using Times Tables Rockstars.

Remember to use the username: **tintagel** and the password: **mymaths2014** before you enter your unique pass codes.

Practise your times tables using Times Tables Rockstars.

Home Learning
Class 3
17.06.19
Due in: 28.06.19

Please let me know if you need any support or resources to be able to complete the tasks.

We will review your home learning together (excluding the Enquiry Homework), in class, on Friday 28th June. This year you are responsible for carefully adding your finished home learning to your book. Please do not write onto the coloured paper in your Learning Log, the paper should be used as a colourful backing for your homework.

Reading

Please read aloud to a grown up for 10 minutes, four times a week.

In the next two weeks, we would like you, alongside your parent or carer, to find examples of 5 new words you have encountered in your reading. Write a definition and write a sentence for each of the words you find.

Enquiry Homework – Due Monday 15th July

As part of our learning we are exploring the consequences of oil spills for our environment, focussing on the Torrey Canyon Disaster in Cornwall in 1967. We would like you to find examples of alternative fuels to oil to use and create a new machine that can be powered to it to share with us. You could make a model of it, draw a diagram of it or present it in any other way you choose to share with us.

Literacy

Using what you have learned about the Torrey Canyon oil spill we would like you to create an information leaflet or poster to explain what members of the public can do to help in the aftermath. Remember to include pictures, instructions and explanations.
