

### Spellings

Each child will have 10 different spellings to learn each week. We will review these on a Friday. Your child's spellings for the next 2 weeks will be sent home with this home learning grid.

As part of your practice, please put your words into sentences to show you understand what they mean. Remember to try your **joined handwriting** when practising these words.

### Enquiry - Geography

Collect fruit and vegetable packaging that shows the country that the food comes from. Look at a world map - can you find the countries?

### Maths

**My Maths** - New tasks have been set for you. Log on and have a go; I have stuck your login details into your home learning journal. Remember that you can access the online lesson if you need help.

### English

Create a Kindness Diary. In this diary record any Random Acts of Kindness you have done for someone or any you have seen someone else do. The Random Act of Kindness could be for a person or for our environment, for example attending a beach clean.

### Science - What are plants used for?

Look around your house and see how many things you can find that are made from trees or plants. Draw the things you find and label them.

**Extra challenge:** Can you find out how a few of the things you found were made?

### Class 2 Learning Log

Due in: Reading daily

Spellings weekly

English and Maths biweekly (03.05.19)

Enquiry and Science termly (24.05.19)

How does kindness  
shape our futures?

Value: Kindness

Class 2, Summer 1,  
2019

Please let me know if you need any support or resources to be able to complete the tasks. Your most important home learning is Reading - share a book at bedtime, learn some facts in a non-fiction book, read a story with expression, act it out. Don't forget to write down in your reading record every time you read. It will help to unlock other learning.
