CLASS

FAMILY

The "Love Reading" Journal records conversations, observations and connections between your child, you and their adults in school around their "Reading for Pleasure" book. This is the carefully chosen book that they have picked from our library or their class book corner.

The "Reading for Pleasure" book is in addition to any Read, Write Inc or Fresh start books that you child will also read to practise their fluency (the mechanics of reading).

You can also use the journal to share responses to other beautiful books that you have read together. These might be from the local library, book shop or those lovingly passed on by friends and family.

Love Reading Journals - A beautiful conversation around our love of reading.

Never forget the pure joy in
sharing a book together.

You could also write about connections they have made with other stories, songs, films, comic books or nursery rhymes. These are all important elements of becoming passionate, fluent readers.

Your child should read at home daily. They don't need to write a comment each time but should aim for at least once a week. To support and encourage your child's commitment to reading, we ask that you also add a response as much as possible. This shows your child how reading is valued and loved by the important people in their lives.

Always add a date, the book title and page numbers. The grid at the back will help your child with ideas of what to write or draw. For example, it could be a sketch of a character or a new word and its meaning.

At the back, there are also tips for how you can support your child and suggestions of what comments you could add in the journal.

Whole School Culture

Relationships are at the heart of everything we do, and we pride ourselves on really 'knowing the child.'

We strongly believe that this helps the children to feel safe - physically and emotionally so they can strive to be the best they can be. It is our job to help them achieve this by aspiring to high expectations and giving them the best, unique learning opportunities.

We are the Guardians of Childhood.
