Accessibility Plan 2016-2019

Section 1: Vision Statement
This Accessibility Policy and Plan are drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability of the Equality Act 2010. It is structured to complement and support the school's Equality Objectives, and will similarly be published on the school website. We understand that the local authority will monitor the school's activity under the Equality Act 2010 (and in particular Schedule 10 regarding Accessibility) and will advise upon the compliance with that duty. Whole school training will recognise the need to continue raising awareness for staff and governors on equality issues with reference to the Equality Act 2010.

At Tintagel Primary School, our values reflect our commitment to a school where there are high expectations of everyone. Children are provided with high quality learning opportunities so that each child attains and achieves all that they are able to. Everyone in our school is important and included. We promote an ethos of care and trust where every member of our school community feels that they truly belong and are valued. We work hard to ensure there are no invisible children here, recognising everyone's uniqueness and success. We recognise learning in all its forms and are committed to nurturing lifelong learners.

We are a safe school, committed to improving children's confidence and self-esteem. We know that safe and happy children achieve.

The Equality Act 2010 replaced all existing equality legislation, including the Disability Discrimination Act. The effect of the law is the same as in the past, meaning that "schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation".

According to the Equality Act 2010 a person has a disability if:

- He or she has a physical or mental impairment, and
- The impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

Tintagel Primary School recognises and values parent's knowledge of their child's disability and its effect on their ability to carry out everyday activities and respects the parent's and child's right to confidentiality.

The Tintagel Primary School Accessibility Plan relates to the key aspects of **physical environment, curriculum and written information** and shows how access is to be improved for disabled pupils, staff and visitors to the school within a given time frame and anticipating the need to make reasonable adjustments to accommodate their needs where practicable.

1

The Board of Directors are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period.

❖ At Tintagel Primary School we are committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

❖ The Tintagel Primary School leadership team plans, over time, to ensure accessibility of provision for all pupils, staff and visitors to the school.

❖ An Accessibility Plan will be drawn up to cover a three-year period. The plan will be updated annually. The Accessibility Plan will contain relevant actions to:

- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education.

- Increase access to the curriculum for pupils with a disability, expanding and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this, they are in breach of the DDA). This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.

- Improve and make reasonable adjustments to the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include hand-outs, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.

❖ The Action Plan for physical accessibility relates to the Access Audit of the School, which is undertaken regularly. It may not be feasible to undertake some of the works during the life of this first Accessibility Plan and therefore some items will roll forward into subsequent plans. The audit will need to be revisited prior to the end of the first three-year plan period in order to inform the development of the new plan for the following period.

❖ We acknowledge that there is a need for on-going awareness raising and training for staff, governors and directors in the matter of disability discrimination and the need to inform attitudes on this matter.

Section 2: Aims and Objectives

Our aims are to:

❖ Improve and maintain access to the physical environment

❖ Increase access to curriculum for pupils with a disability

- ❖ Improve the delivery of written information to pupils

- ❖ Ensure that all pupils within our school have full access to a broad and balanced curriculum and that the school is at all times inclusive to all stakeholders

- ❖ Ensure that all stakeholders have full access to school information and policies.

The table below sets out how the school will achieve these aims.

Aim	Current good practice including established practice and practice under development
Improve and maintain access to the physical environment	School clubs and activities (full access as relevant e.g. Off Site Visits Policy) There are high expectations of all pupils (All pupils are baselined with targets set for the pupils to achieve – see also Learning Policy) Staff seek to remove all barriers to learning and participation Classrooms are optimally organised for disabled pupils (See the 'resources' component in schemes of work and planning) Emergency and evacuation systems set up to inform ALL pupils, including pupils with SEN and disabilities, including: alarms with both visual and auditory components where required, how the school deals with emergency procedures. (regular documented checks and practices e.g. fire drills – see also Health and Safety Policy, Staff Handbook, First Aid Guidelines. Personal Evacuation Plans are in place for identified children) The serving of school meals – the kitchens have provision for special dietary requirements if required.
Ensure that all pupils within our school have full access to a broad and balanced curriculum and that the school is at all times inclusive to all	School visits made accessible to all pupils irrespective of attainment or impairment (as part of a developmental programme differentiated to meet individual need). Full access with curriculum access statements and/or risk assessments in place. Grouping of pupils by year group with EHC Plan and differentiated lesson plans in place plus individual support i.e. precision teaching/intensive reading support as relevant. Increasingly, teachers and teaching assistants have the necessary training to support disabled pupils.

stakeholders Increase access to curriculum for pupils with a disability	Staff recognise and make reasonable adjustments for all pupils, for example using lip reading. Individual developmental progression to be identified in lesson plans e.g. teaching strategies and resources. Individual behaviour plans. Staff recognise and allow for the additional time required by some disabled pupils to use equipment in practical work. Training is needs-led and risk assessments also guide training. Lessons provide opportunities for all pupils to achieve (differentiated lesson plans with linked EHC Plan as appropriate) Lessons involve work to be done by individuals, pairs, groups and the whole class (reference Learning Policy) All pupils are encouraged to take part in music, drama and physical activities and the curriculum is broad and balanced.
Ensure that all stakeholders have full access to school information and policies. Improve the delivery of written information to pupils and families	High quality preparation for entry into school. All policies available from the school offices and the school websites i.e. link to LA admissions policy, SEN policy and statement/report. Feeling Safe booklet for pupils School Behaviour and Consequences information Calm School Code and Mistakes Process posters in environment School's arrangements for working with other agencies (Annual Reviews, Attendance and Behaviour Management protocols) School policies e.g. Anti-bullying, SEN policies, Health and Safety (All in place with annual review and on the school website) Emergency and evacuation systems set up to inform ALL pupils, including pupils with SEN and disabilities, including: alarms with both visual and auditory components where required, how the school deals with emergency procedures. (regular documented checks and practices e.g. fire drills – see also Health and Safety Policy, Staff Handbook, First Aid Guidelines. Personal Evacuation Plans are in place for identified children) The school provides information in simple language, symbols, symbols, large print, on audiotape or in Braille for pupils and prospective pupils who may have difficulty with standard forms of printed information (Individual Provision Maps would identify strategies and resources to meet

needs)

Information is presented to groups in a way which is user friendly for people with disabilities e.g. by reading aloud, electronic presentations and use of images and diagrams.

The school has IT facilities which enable staff to access information through written information in different formats.

The school ensures that staff are familiar with technology and practices developed to assist people with disabilities.

Access to information: Staff pigeon holes, notice boards as part of school information systems including support staff. Minutes from all meetings available in staff room and via email.

Action Plan A					
Improving Access To The Physical Environment					
Objective	Action	Priority	Date Commenced	Who Responsible	Cost
To ensure the school is aware of all access needs of disabled children, parents, carers and staff. Consequently, to ensure all projects and alterations are fully accessible to all.

All updates and repairs to the premises to cater for pupils and parents with access difficulties. | To undertake confidential surveys of staff and ensure their needs are met.

To include questions in confidential pupil contact sheets which explore issues of access for both pupils and parents. To ensure their needs are met in all events.

To review and explore whether there is the need to modify the existing building in order to maximise access for all.

To externally source experts with reference to design and H & S requirements for all contracted work through Aspire's Safe Contractor list.

To take advice from Aspire/externally sourced expertise, with reference to alterations and costings. To ensure that this advice is risk assessed and considered in light of the wider school context. | Low | 2016-2018 | SLT and GB | CIF funding bids/Reserve Funds |

Revisiting the Scheme

Our scheme will be reviewed and revised after a period of 3 years i.e. September 2019 and disabled people will be involved in the process. A new action plan will be produced, responding to issues identified through our impact assessment and included in our annual reports.

10

The Accessibility Plan should be read in conjunction with the following school policies, strategies and documents:

- Personal Development, Behaviour and Welfare policy
- Curriculum Policies
- Emergency Plan
- Health and Safety Policy
- School Improvement Plan
- Special Educational Needs Policy

Equality Impact Assessments will be undertaken as and when the school policies are reviewed. The terms of reference for Director's meetings will include the need to consider the Equality and Diversity issues as required by the Equality Act 2010.

The Accessibility Plan will be published on the school website.

The Accessibility Plan will be monitored by the Board of Directors.

The Accessibility Plan may be monitored by Ofsted during inspection processes in relation to Schedule 10 of the Equality Act.

The priorities for the Accessibility Plan for our schools were identified by:
- The Board of Directors
- The Senior Leadership Team
- The SENDco
- The School Business Manager
